EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

To the title: "Rectifying diodes with self-aligned electrodes"

Allowable Subject Matter

2. Claims 83-99 and 105 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Regarding claims 83-99 and 105, the terminal disclaimer filed 05/14/2009 (to obviate the double patenting rejection over prior patent No. 7,407,849, which was mistakenly cited as prior patent No. 7,407,846 in the Office action dated 12/18/2008) overcomes the pending rejections. Moreover, the prior art does not disclose or suggest the claimed method for fabricating a rectifying diode including two electrodes, wherein the electrodes are formed by a method particularly characterized by modifying the surface of a first electrode and then forming a second electrode spaced apart from the first electrode by depositing a liquid to come into contact with the first electrode, wherein the surface modification of the first electrode repels the deposited liquid.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
